About Us

Who We Are and What We Do

Gospel eBooks was the first website to provide alerts for free and discounted Christian e-books. We keep track of which titles are on sale and then post a fresh list of deals every morning. We are here to save our followers time and money by pointing them to e-books that they actually want to read, at a fraction of the cost.

Why Gospel Ebooks?

When people visit our site, they do so primarily for one reason: to buy Christian e-Books. Through our advertising options, we can help **showcase your book** to our large following of Christian readers. We can also get your book in front of the right people to help expand your platform. When your book is on our site, it's seen by people of influence such as published authors, top bloggers, and Christian publishing executives. When we post book deals, they are often re-shared and listed on other blogs and websites, producing a 'snowball effect'. You've spent a lot of time and effort writing your book; we want to make sure it gets into the hands of as many readers as possible.

If you're looking to promote **something other than a book** we would love to help share your message, ministry, or product. We have an exclusively Christian audience who:

- 1) purchases Christian products online;
- 2) enjoys reading and studying;
- 3) embraces new technology;
- and 4) likes saving money by taking advantage of great promotions.

Let us help you share your message!

À La Carte Advertising

1. E-Book Listing

\$50

Our most popular package is our e-book listing service which provides the most exposure for the lowest cost. Your e-book will be included in our daily deals e-mail, appear on our homepage on the day it is listed, and it will be available on our site for three months.

2. Social Media Blast

\$50

Advertise your message or product to our social media followers. You can either provide your own ad or you can use one of our templates. We'll then post it on our Twitter, Facebook, and Instagram pages.

3. Premium Feature

\$40 per day

\$200 per week

Advertise your e-book or product in the most visible place on our website. This spot displays right below our header logo on our homepage as well as the daily deals page. Not only is it seen above-the-fold on both desktop and mobile, but it is also completely immune to ad-blockers. This makes it perform exponentially better than standard banner ads.

You may provide your own 1512x500px design or if you are advertising an e-book you can request our standard template which requires no graphic design on your part.

4. Sidebar Banner

300x300px \$60 per 7 days

300x300px \$200 per 1 month

Get your ad displayed in a highly visible area on Gospel eBooks. No matter which deal people are looking at, they will see your ad in the sidebar. Your banner will display just below the fold under "Sponsors".

5. E-Mail Blast

\$399

Take over our e-mail list by sending out your message to our 8,000+ subscribers. You provide us with the content and we'll send it out on the day you choose. Your e-mail will be sent separately from our daily deals which means there won't be any competing content to distract our readers from your message.
